

Jarvis Washington

13515 Sable Lane, Houston, Texas, 77014 | jarvwashington@gmail.com | 281-455-7756

Entry-level IT support professional seeking a full-time role in Information Technology. Recently completed the Google IT Support Professional Certificate, skilled in customer service, networking, operating systems, system administration, and security skills. I have always had an interest in computers, and am hoping to broaden my horizons as I continue to learn and grow with the company and help others solve their technical problems.

General Skills & Abilities

Proficient with: Linux, Windows, Mac OS, directory services, cybersecurity, troubleshooting, networking, Javascript, MatLAB, Assembly Language, Microsoft Office Suite, Central Management System (CMS), and Discord

Work Experience

Kumon Math and Reading Center (2017-2020)- Worked with a Central Management System to manage the data of clients, from applications, to maintaining an academic data tracker to charting student growth.

Transcore Data Entry Clerk- (2022-2024)- Worked to process and analyze images meeting an hourly quota, as well as identifying issues, and correcting them.

Education

Texas A&M University (2013-2017) – Mechanical Engineering Student

University of Houston – Clearlake (2019-2021) – Computer Science Student

Google IT Support Professional Certificate [July 2022] - Eight-month IT support program, developed by Google, that covers troubleshooting, customer service, networking, operating systems, system administration, and security, and includes hands-on labs

Extracurricular

Posse Houston Scholarship Recipient
